32nd International Conference Nuclear Energy for New Europe

The Nuclear Society of Slovenia conference is an annual international meeting of professionals dealing with different aspects of nuclear energy from all around Europe and worldwide. The primary objective of the meeting is to foster international cooperation amongst professionals active in nuclear research and educational institutions, nuclear vendors, utilities, and regulatory bodies.

This year the conference focuses on “nuclear as the surest path to a brighter future.” Nuclear energy is the technology that can fill the gap in the global sustainable, low-carbon, clean energy supply.

Key themes

- NPP lifetime extensions and long-term operation
- NPP updates and modernization
- NPP operation, innovations, and O&M cost reductions
- NPP long-term reliability, operation, support, and supply chain issues
- Workforce planning, recruiting, education, training, leadership, and talent development
- Reactor physics & Research reactors
- Thermal hydraulics & CFD
- Materials in nuclear technology
- Severe accidents & PSA
- Fuel Cycle back-end, Radioactive waste and environment
- Nuclear energy, energy policy and decarbonization of society
- Nuclear Fusion & Plasma Technology
- Nuclear regulation and society

The preliminary program will be announced in July 2023.

Contest of Young Authors

The NENE conference is an excellent opportunity to present the work of young authors. An award will be presented for the best paper prepared by a first author aged no more than 32 years. The number of co-authors should be limited to two additional authors (advisers).

Abstracts, Papers and Conference Proceedings

The corresponding authors are invited to submit the topical abstracts related to key themes before May 15, 2023. Abstracts should be submitted through the conference web page. The Program Committee will review the abstracts and inform the corresponding authors about the acceptance before June 30, 2023. A Book of Abstracts will be distributed at the conference. Full-length papers should be submitted through the conference website before August 31, 2023. Papers submitted before the deadline, presented at the conference in oral or poster format and peer-reviewed will be published after the conference in the Conference Proceedings.

Best Poster Award

The best poster will be selected by the Best Poster Award Committee. The posters will be evaluated according to the clarity of objectives, results, and conclusions, scientific relevance, as well as according to aesthetics and attractiveness.
